MESSAGE BY THE SECRETARY-GENERAL

We welcome the year 2023 with optimism and sincerely hope that everyone celebrated the new year safely and in good health with their loved ones.

This year, our focus was on celebrating our 20th Anniversary, which marked a significant milestone for the IFSB. From March 2003 to March 2023, the IFSB has witnessed remarkable growth, expanding from 9 members to 187 members worldwide. Our membership now includes 80 regulatory and supervisory authorities, 10 international inter-governmental organizations, and 97 market players comprising financial institutions, professional firms, industry associations, and stock exchanges, operating across 57 jurisdictions.

We kickstarted our activity with the 59th Technical Meeting hosted by the Central Bank of Oman (CBO) and alongside this meeting, our Implementation team conducted FIS and CBM workshops, aiming to increase the implementation rate and provide support to the Regulatory and Supervisory Authorities (RSAs) and market players in Oman. Additionally, in March, we introduced our first-ever FIS Workshop in French, adding value for our members from French-speaking jurisdictions. The French workshop received positive feedback, and we hope to continue and expand such unconventional initiatives in the future.

As part of our commitment to humanitarian efforts, the IFSB launched a Humanitarian Aid Initiative to support our brothers and sisters in Turkey and Syria. Despite uncertainties and the possibility of an economic downturn, we remain steadfast in pursuing our goals outlined in the Strategic Performance Plan 2022-2024.

In light of this, it is essential that we remain focused on the tasks at hand and strive for positive outcomes despite the numerous challenges. The future of the IFSB depends on its people, and we can only progress in terms of people and organizational development by working together as a team. I am genuinely excited about collaborating with all of you on various initiatives throughout this year.

Dr. Bello Lawal Danbatta,
Secretary-General
The IFSB Celebrates 20 Years of Growth and Excellence

We are glad to celebrate our 20th Anniversary this year, which marks a significant milestone for the Islamic Financial Services Board (IFSB). From March 2003 to March 2023, the IFSB registered remarkable growth, with members expanding from 9 to 187 worldwide. This includes 80 regulatory and supervisory authorities, 10 international inter-governmental organizations, and 97 market players across 57 jurisdictions.

The IFSB was established on 10 March 2003, founded by a consortium of central banks from jurisdictions offering Islamic finance worldwide, along with the Islamic Development Bank. At a time when Islamic finance was gaining global prominence, there was a pressing need for structured support and guidance in the growing international financial landscape. Thus, the IFSB was formed in 2002 with the aim of harmonising prudential standards across different jurisdictions and establishing best practices in the Islamic Financial Services Industry (IFSI) worldwide. Its core mandate focuses on promoting the soundness and resilience of the IFSI.

Since its inception, the IFSB has shown exceptional commitment and received unwavering support from all its members, particularly the governing bodies such as the Council, Executive Committee, and Technical Committee. The IFSB has issued 36 Standards, Guiding Principles, and Technical Notes for the IFSI, covering various areas including Islamic banking, Islamic capital markets, and takaful sectors. Additionally, the organisation has issued numerous research working papers.

Dr. Bello Danbatta expressed his gratitude, stating, “The anniversary celebration is an excellent occasion to celebrate the IFSB’s success in the past, to boost the present, and for future aspirations”. He also acknowledged the stakeholder’s contributions to the sustainability of the IFSB over the past two decades.

In ensuring the soundness and stability of the Islamic financial services industry, the IFSB will continue to promote the development of a prudent and transparent Islamic financial services industry by introducing new, or adapting existing international standards consistent with Shariah principles, and recommends them for adoption.
The IFSB fulfils its mandate by fostering academic cooperation, sharing educational resources, and facilitating collaborative efforts and platforms in areas of common interest, with the aim of enhancing knowledge and proficiency in Islamic finance globally.

Dr. Bello further added, “This major milestone signifies the IFSB’s strong position as the cornerstone of the Islamic Financial Services Industry (IFSI) over the years, adapting to the evolution and challenges faced by the IFSI.” In 2021, the estimated assets of the IFSI reached USD 3.06 trillion, and the IFSI sustained its growth momentum with a year-on-year (y-o-y) growth rate of 11.3%. Notably, significant improvement was observed across all three segments of the IFSI, particularly in Islamic banking and the Islamic capital market.

The IFSB takes this opportunity to express its gratitude to all its members, employees, and stakeholders for their exceptional and unwavering commitment and support throughout these two decades, as the organisation continues its journey into the future.

The 59th IFSB Technical Meeting

The 59th IFSB Technical Meeting hosted by the Central Bank of Oman (CBO) aimed at enhancing the level of understanding and awareness of IFSB standards among local regulators and industry players. Saud Al Busaidi – Acting General Manager, of CBO chaired the 2-day hybrid meeting, while the IFSB was represented by the Secretary-General, Dr. Bello Lawal Danbatta.

The Technical Committee is responsible for advising the Council on technical issues within its terms of reference (as determined by the Council) and to steer the direction of the IFSB’s technical work agenda, in line with IFSB’s vested interest in ensuring the soundness and stability of the Islamic financial services industry. In conjunction with the meeting, the IFSB has successfully conducted two (2) parallel workshops:

- Capacity Building Workshop for Market Players (CBM), jointly organised with Central Bank of Oman (CBO), on 13 – 14 March 2023
- Facilitating the Implementation of IFSB Standards (FIS) Workshop for Capital Market Authority (CMA) of Oman on 13 March 2023

The CBM workshop commenced with opening remarks by Mr. Malik Abdulla Said Al Maroqqi, Advisor to the Executive President, and followed by welcoming remarks delivered by Dr. Bello Lawal Danbatta, Secretary-General of IFSB. While the FIS Workshop for CMA was opened with introductory remarks from Dr. Bello Lawal Danbatta. Both workshops were designed to include topics covering Islamic banking, Islamic capital markets and Takaful sectors. Both workshops gathered more than 70 participants from both Regulatory and Supervisory Authorities (RSAs) of Oman, including various local market players of the Islamic finance industry.
STRATEGIC COLLABORATIONS

 Courtesy visit to the host of 59th Technical Committee Meeting, the Central Bank of Oman

The IFSB paid a courtesy visit to the Central Bank of Oman (CBO), the generous host of the 59th Technical Committee meeting.

IFSB’s delegation was led by Dr. Bello Lawal Danbatta, the Secretary-General, and welcomed by H.E. Tahir Salim Abdullah Al Amri, Executive President, and Mr. Rashid Zayid Mohammed Al Ghassani, Executive Vice President for Supervision and Regulation Sector of the Central Bank of Oman respectively.

The IFSB also has successfully conducted two (2) parallel workshops with CBO and the Capital Market Authority (CMA) of Oman. Both workshops gathered more than 70 participants from both the Regulator and Supervisory Authorities (RSAs) of Oman, including various local market players in the Islamic finance industry.

Oman’s Islamic banking sector grew to a notable position. Its market share is expected to rise steadily in 2023-2024 after reaching 16.4 per cent of total sector assets at end-2022.
**Courtesay visit to Bank Nizwa**

The IFSB also paid a courtesy visit to Bank Nizwa to strengthen bi-lateral ties between the IFSB and Bank Nizwa in the field of Islamic finance. Bank Nizwa has been a member of the IFSB since 2013.

Bank Nizwa is Oman’s first dedicated Islamic bank, with fully Sharī’a-compliant products and services. The Bank offers an entire portfolio of commercial banking services, in accordance with the license issued by the Central Bank of Oman (CBO) and the Banking Law promulgated by the Royal Decree No. 114/2000.

IFSB’s delegation was led by Dr. Bello Lawal Danbatta, the Secretary-General, and received by Mr. Khalid Jamal Al Kayed, the CEO of Bank Nizwa.

**The IFSB Extend Condolences to the People of Turkey**

The IFSB had the honour to pay the Turkish Embassy here in Kuala Lumpur a visit to extend its sincere and profound condolences to the people of Turkey on a series of earthquakes that have affected Turkey and Syria since early February.

The IFSB team represented by Secretary-General, Dr. Bello Lawal Danbatta and Assistant Secretary-General, Implementation and Resources, Mr. Suhail Al Zadjali was well received by the Ambassador, H.E Emir Salim Yüksel.

The IFSB Family express empathy for the affected and wishes a quick recovery for Turkey and Syria.

**The IFSB Humanitarian Aid for Turkey and Syria**

The IFSB’s humanitarian aid initiative led by Dr. Bello Lawal Danbatta, Secretary General of the IFSB was carried out on 20th February 2023, aimed at supporting our dear brothers and sisters in Turkey and Syria. Members of the secretariat collected items through an internal donation drive. The donations then were handed over to the Malaysian Red Crescent to be delivered to the affected regions.
EVENTS & IMPLEMENTATION OF IFSB STANDARDS

Capacity Building Workshop for Market Players (CBM Workshop) for Oman’s banking sector

In conjunction with the 59th Technical Committee meeting, the IFSB jointly with the Central Bank of Oman conducted a two-day workshop on 13–14 March 2023 in Muscat (Sultanate of Oman). The Secretariat presented three Islamic banking standards on Guiding Principles on Liquidity Risk Management for Institutions offering Islamic Financial Services (IFSB-12), Guidance Note on Quantitative Measures for Liquidity Risk Management (GN-6) and Revised Capital Adequacy Standard (IFSB-23).

The workshop, covering Islamic banking standards on liquidity and capital adequacy requirements, attracted great interest among the participants, as both are topical issues for the current Islamic banking sector in Oman. CBM Workshop is part of IFSB’s capacity-building initiatives to enhance the understanding of relevant market players in Oman on Islamic banking practices based on recommendations from the IFSB standards.

Facilitating Implementation of IFSB Standards (FIS) Workshop for Capital Market Authority (CMA) of Oman

The FIS workshop for the CMA of Oman was tailored to discuss a number of IFSB Standards pertaining to Islamic capital markets and Takaful sectors, including IFSB-20: Key Elements in the Supervisory Review Process of Takaful/Retakaful Undertakings and IFSB-21: Core Principles for Islamic Finance Regulation [Islamic Capital Market Segment].

The workshop took place on 13 March 2023 in Muscat and was hosted by the CMA of Oman. The IFSB Workshops are a part of the Secretariat’s support to its members under the capacity development initiatives within the Strategic Performance Plan for 2021-2024.
Facilitating the Implementation of the IFSB Standards (FIS) Workshop for the Financial Services Authority Jasa Keuangan (OJK) on Capital Adequacy

The Secretariat was invited and welcomed by the Indonesian financial services sector regulator and supervisor – the OJK, which is IFSB's full member. The workshop took place in Bali, Indonesia on 13-14 March 2023, and was a continuation of the workshop on Revised Capital Adequacy Standard (IFSB-23) that has been conducted in October 2022 online.

Within this FIS Workshop tailored specifically to the jurisdiction’s needs, the Secretariat discussed the issues on capital requirements related to the operational risk, Islamic financing and investment contracts, Sukuk and Real Estate activities. The workshop has been supported by the Director of the Islamic Banking Department Ibu Nyimas Rohmah, the Deputy Director of the Regional Office Bapak Budi Susetiyo and the Human Resource Director, Moh. Nu'man Rizal.

Regional Facilitating Implementation of IFSB Standards (FIS) Workshop (French)

The IFSB conducted the first ever Facilitating the Implementation of IFSB Standards (FIS) Workshop in French on 2nd March 2023, as a way to add more value to our members from French-speaking jurisdictions.

The FIS Workshop focused on 2 standards: IFSB-1 on Risk Management and IFSB-17 on Fundamentals of Islamic Finance Regulation, which are crucial elements for the prudential regulation of Islamic banking institutions. The inaugural French workshop was well received by participants. The IFSB will continue such efforts to increase awareness and understanding of IFSB standards, and ultimately accelerate their implementation in the member jurisdictions.
MEETING AND TECHNICAL UPDATES

6th Working Group Meeting - Revised Guiding Principles on Corporate Governance for Institutions Offering Islamic Financial Services - [Banking Segment]

The 6th Working Group meeting for the Revised Corporate Governance for Islamic banking segment was conducted online on 30th January 2023. The meeting discussed comments and suggestions received from the first Shari’aah review meeting and the Working Group members on the Revised Preliminary Exposure Draft (RPED). The Working Group members resolved that the RPED is now ready to be submitted to the next Technical Committee (TC) meeting to obtain approval for the public consultation.

On 15th March 2023, The TC approved the publishing of the Exposure Draft for a public consultation period of 60 days. The public consultation shall include a public hearing and a roundtable session for feedback from the public on the Exposure Draft.

6th Working Group Meeting Conduct of Business Supervision in Takāful Undertakings

The IFSB Council approved the development of the Conduct of Business Supervision in Takāful Undertakings (CBST) standard at its 37th Meeting in December 2020. The project was launched on 1 September 2021 to provide guidance for RSAs on promoting fairness, consumer protection, and stability in takāful markets, while also addressing Shari’ah compliance, consumer education, digital distribution, and risk-based supervision.

The CBST Working Group has held multiple meetings and has completed the 1st Shariah Board review. Currently, the project is pending approval of the Technical Committee to issue an Exposure Draft for public consultation.

8th Joint Working Group Meeting - IFSB-AAOIFI Revised Shariah Governance Framework

The 8th joint working group meeting on IFSB-AAOIFI Revised Shariah Governance Framework (RSGF) was held on 12 January 2023 with the primary goal to consider the requested changes to the Revised Exposure Draft based on the public consultation comments and on the IFSB Technical Committee resolution. The suggested changes were thoroughly discussed by the joint working group, and the RSGF was updated and finalised for the second Shari’ah board review.
Advancing the IFSB Operations to Meet Industry and Stakeholder Expectation - Achievements of Strategic Performance Plan 2019-2021

A Focus Strategy Paper was formulated in 2018 to strategically enhance the IFSB’s operational framework. In essence, the paper deep-dived and analysed the dynamics of IFSB stakeholders’ expectations and placed paramount importance on each to play a more substantial role based on the IFSB mandate. The paper formed the basis upon which the IFSB Strategic Performance Plan (SPP) 2019-2021 was later structured and cascaded into four Key Strategic Focus Areas (SKRA).

The SPP 2019-2021 was aimed at reflecting the strategic vision, enhancing operational efficiency, and ensuring the institutional resilience of the IFSB against challenges that were to come in the following years. These objectives were pursued with due cognisance to the dynamics of the global financial ecosystem, expectations, and satisfaction of stakeholders in the Islamic Finance Services Industry (IFSI), and activities of other international financial standard-setting organisations.

The 3-year period covered by the SPP witnessed some challenges including oil and commodity prices volatility, geopolitical sanctions, accelerated digital transformation, and notably the COVID-19 pandemic and its consequential effect on both lives and livelihoods on an unprecedented global scale. The IFSB, guided by its mandate, strategic farsightedness, and support from its various governance structures recalibrated its approaches to ensuring seamless organisational operations.

The 15th IFSB Summit Proceedings

The IFSB Summit is a landmark event for the Islamic financial services industry. It constitutes a major high-level platform for key regulators, global market players, and leaders and thought leaders to discuss the regulatory direction of the industry to strengthen its resilience and stability further.

The theme of the IFSB 2021 Summit is "Islamic Finance and Digital Transformation: Balancing Innovation and Resilience". The Summit focuses on fostering innovation, technological adoption, accessibility, and sustainability in the Islamic financial system to boost its growth and development and the policy implications of rapid digital transformation. In addition, the summit highlights the work to be done moving forward to strengthen Islamic Finance Services’ resilience and stability. The rise of technology shapes financial services across banking, capital markets, and takāful, giving rise to new modes of financial intermediation such as crowdfunding and blockchain solutions. These exciting changes and developments require authorities and jurisdictions to balance resilience and innovation, which the IFSB 2021 Summit explores throughout the sessions.
