14th IFSB-INCEIF Executive Programme - Measures to Create Resilience for the Islamic Finance Industry During and Post-Crisis: Regulator’s Perspectives

22 October 2020

Organised By:
Opening Remarks

Measures to Create Resilience for the Islamic Finance Industry During and Post-Crisis: Regulator’s Perspectives

At the end of the session, participants will be able to identify best practices and steps that need to be taken in enhancing regulatory frameworks for crisis management in protecting the financial industry amid crisis.

- What enhancements in the regulatory frameworks may be considered for financial regulation to effectively address crises?
- Are the current regulatory regimes for crisis management adequately equipped to handle severe stress scenarios and non-economic sources of crisis?
- How adaptable is the regulatory framework to new or unique crises?
- Are there appropriate coordination and integrative mechanisms among regulators for crisis management?

Break

Session 2: Regulators’ Responses to Crisis

At the end of the session, the participants would be able to understand what policy measures and actions need to be taken by regulators in order to ensure economic and financial system stability and create resilience of the financial industry during a crisis.

- What are the regulatory policy measures and programs/actions adopted by the regulatory authorities to address Covid-19 impacts on the Islamic financial sector?
- How have regulators dealt with crisis preparedness to ensure the safety-net of Islamic financial institutions?
- What are the priorities for regulatory authorities in managing the soundness of Islamic financial institutions during the crisis?
- Are there material differences between the Islamic banking sector and its conventional counterparts in dealing with and recovering from the crisis?

Break

Session 3: Sustainability of Financial Institutions Post Crisis

At the end of the session, the participants would be able to understand steps to be taken in sustaining both financial institutions and the economic development of the country post crisis.

- What are the strategies for ensuring continued sustainability of Islamic financial institutions post crisis?
- What is the way forward for Islamic financial institutions post crisis in the midst of Banking 4.0?
- What are the required actions for Islamic financial institutions to channel back their liquidity to the real sector as part of the economic recovery measures of the country?
- What are the roles of Islamic social finance to sustain economic recovery in line with the Sustainable Development Goals (SDGs)?
